SAVE-A-HEART, THE CPR PRO'S

www.cprpros.com

Save-A-Heart was founded by JC and Carlette Anderson on March 12, 1988. They felt there was a need to have available a simpler and easier to understand CPR class. Their two-hour CPR course covers adult, child, and infant CPR, as well as the Heimlich Maneuver, Drowning and Disease Prevention when administering CPR. They can conduct such a time efficient program compared to other organizations because they get right to the point and keep it simple. Their philosophy is, "The only bad CPR is no CPR."
